Possible Solutions

a) Who is earning income? Circle the pictures that show people earning income.

The doctor, firefighter, postman, teacher, and construction worker are working to earn income.

b) Jenny earned 4 dollars for helping her mother clean the kitchen and 3 dollars for feeding her neighbor's pet while they were away. What is one way to show how much Jenny earned using a number sentence?

4 dollars + 3 dollars = 7 dollars

$4 + 3 = 7$

Jenny earned 7 dollars for helping her mom and her neighbor.
