Possible Solutions

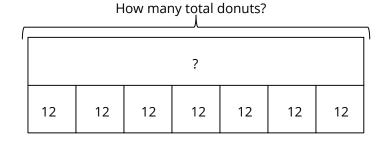

Ms. Mills volunteered to bring donuts to school for a faculty breakfast. If she brings 7 dozen donuts, how many donuts will that be? Use either an array or a strip diagram to show how you could determine the number of donuts.

7 dozen x 12 donuts per dozen = ? total donuts

7 rows of 12 equals 84, so Ms. Mills brought 84 donuts.

7 dozen x 12 donuts per dozen = ? total donuts

7 dozen donuts 7 groups of 12, so Ms. Mills brought 84 donuts.
